Meeting Agenda

- Ahmed and Alexis demonstrate previous AR technology and discuss successes and failures.
 - Ahmed explains the reasoning of the project: why a unified platform is the answer.
 - Group explain our concerns about the project.
 - Determine the project's viability and future actions.
-

7. Approval of minutes of last meeting

- 7.1. The group is in agreement that the minutes of the last meeting are an accurate record.
-

8. Status of prior meeting arrangements

- 8.1. Jason has arranged today's meeting.
 - 8.2. Jason has prepared a slideshow for today's meeting which illustrates the different types of AR apps and provokes conversation around their usefulness.
 - 8.3. Each group member has questions prepared for Luminary.
-

3. Discussion of Project Development

- 3.1. We discussed AR apps. Found that the ones with a utility purpose were best.
 - 3.2. Apps with no utility do not retain user engagement.
 - 3.3. We have determined that the application needs a utility purpose to be a viable platform.
 - 3.4. Alternatively we can create an Augmented Reality plugin to extend the functionality of pre-existing apps.
 - 3.5. Our project proposal must be changed to reflect our plan a/plan b approach.
 - 3.6. Luminary are not interested in making money initially. They are more interested in positioning themselves as the leader in AR for NZ (globally afterwards).
 - 3.7. Luminary use Bitbucket for online hosting of code.
-

4. Meeting Arrangements

- 4.1. Josh will research XP development methodology.
 - 4.2. Paul will draft paragraphs about Ahmed and Luminary and perform some background research on AR and Quality Assurance practices.
 - 4.3. Sean will research AR technology (background, uses and future).
 - 4.4. Jason will work on proposal document (rationale and skills).
-

5. Adjournment of Meeting

5.1. There being no other business, the meeting was adjourned at 05:10 pm.
